# FOREWORD

CLASSMATES: —

It has been the custom of late to make the Vicennial Report as compact and brief as possible. We have done this in our report which we now send to you, and will use it as a preparation for the Twenty-Fifth Anniversary Report, which will give, so far as possible, a complete record of the accomplishments and activities of all our classmates. It is therefore the desire of those who have made up this report that you keep us well posted as to your doings during the next five years — five years which will pass all too quickly.

I want to call your attention to the Major Harrison Briggs Webster Scholarship established in 1921 by Mr. and Mrs. Webster. The income from this fund is available, — first for any son of a member of the Class of 1905. If there are none such it is available for a worthy medical school student. The following boys have held this scholarship, — all of them being medical school students: —

1922–1923 Francis Patton Twinem, Wooster, Ohio.
1923–1924 Robert Norton Ganz, Salt Lake City, Utah.
1924–1925 Edwin R. Durno, Eugene, Oregon.

Anyone desiring further particulars about this fund should write to Dr. George P. Denny, Harvard Medical School, Boston 17, Mass.

Any information about lost men is most welcome and can be sent to me.

The Class Committee has already made plans for receiving subscriptions and pledges to our Twenty-Fifth Anniversary Fund. The Committee hopes that every classmate will want to share in it.

Again I wish to give all the credit of this volume to Charles E. Mason, who has had full charge of its preparation.

Sincerely yours,

Lewis M. Thornton,
*Secretary*
